years warranty  
Jahre Garantie  
ans de garantie**Components:**

**BASIC FRAME:** 2 tubular frames, 1 bike platform shelf with wheel-holder rails, frame holders for first and second bike, upper and lower mounts and securing components.

**KIT:** Upper support arms and support plates, depending on the car model.

**N.B.** Both the basic frame and the appropriate kit is necessary for the product to be complete.

**Materials/dimensions:**

Tubes and wheel rails of galvanized, powder-coated steel, support rails and kit brackets of anodized aluminium, and mounting parts in contact with the car of plastic coated steel.

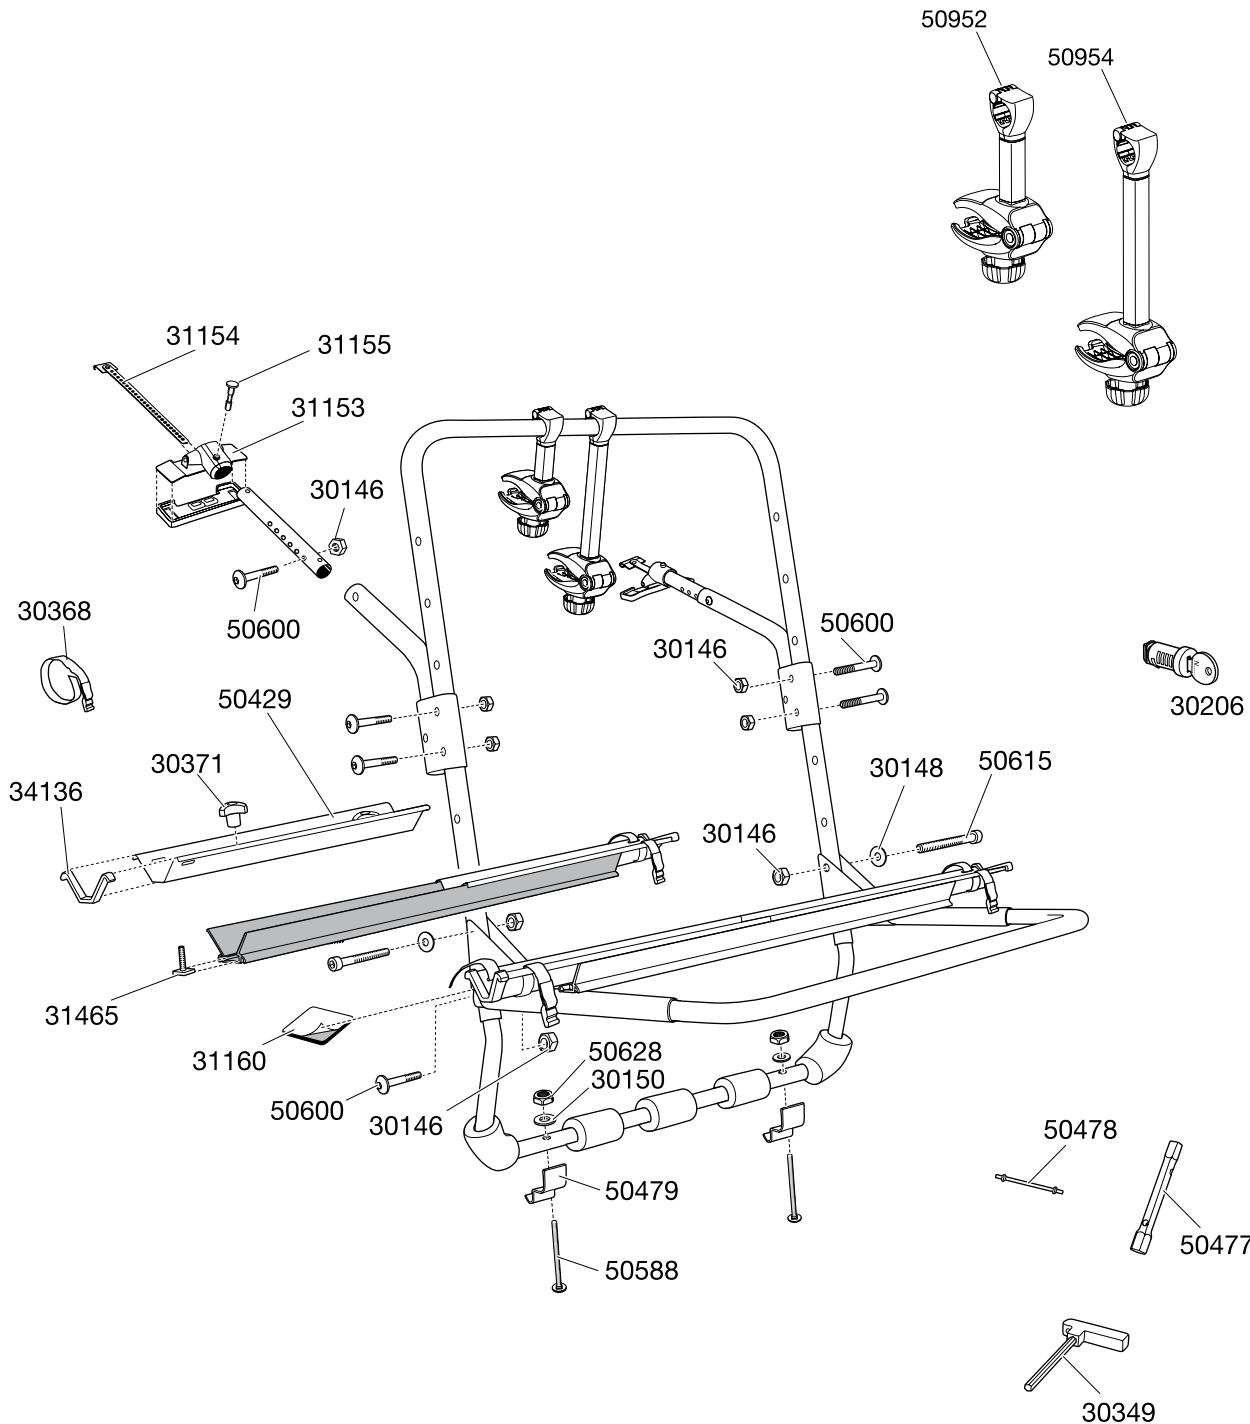

**Mounting, etc.:**

Assemble the products in accordance with the mounting instruction supplied (enclosed with the kit). Then mount the product on the car, and load the bikes on it.

- TÜV-GS approval by TÜV of Germany.
- Perfect fit on the car.
- Safe and convenient transport of bikes. The frame holder fits all cycle frames from 22 to 70 mm diameter (competition bikes to mountain bikes).
- Obstructs neither the registration plate nor the rear lights.
- The luggage compartment can be opened even with the Backpac mounted (without bikes).
- When platform is unloaded it can be raised and secured to the frame holder, the bike carrier can be left on the luggage compartment lid.
- 60 kg max. load.
- Standard design for 2 bikes. With accessories 973-23 and 973-24, can also transport three and, in certain cases, even four bikes. (See also THULE Guide or [www.thule.com](http://www.thule.com).)

Not suitable for cars with spoiler.
