ans de garantie

Components:

2 holders with wide mountings for square load bars and T-track load bars, 2 straps, 2 rubber protectors for the buckle, and mounting kit.

Materials:

Galvanized steel bars with polyester coating. Galvanized steel attachments with pebax coating. Pads covered with nylon with soft foam rubber core. Plastic parts of PP. Rubber protection of TPE and EPDM, and straps of polypropylene fabric with zinc buckle.

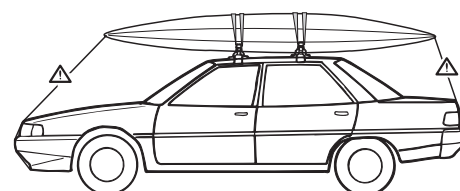

Mounting, etc.:

Mount in accordance with the instructions included in the packaging.

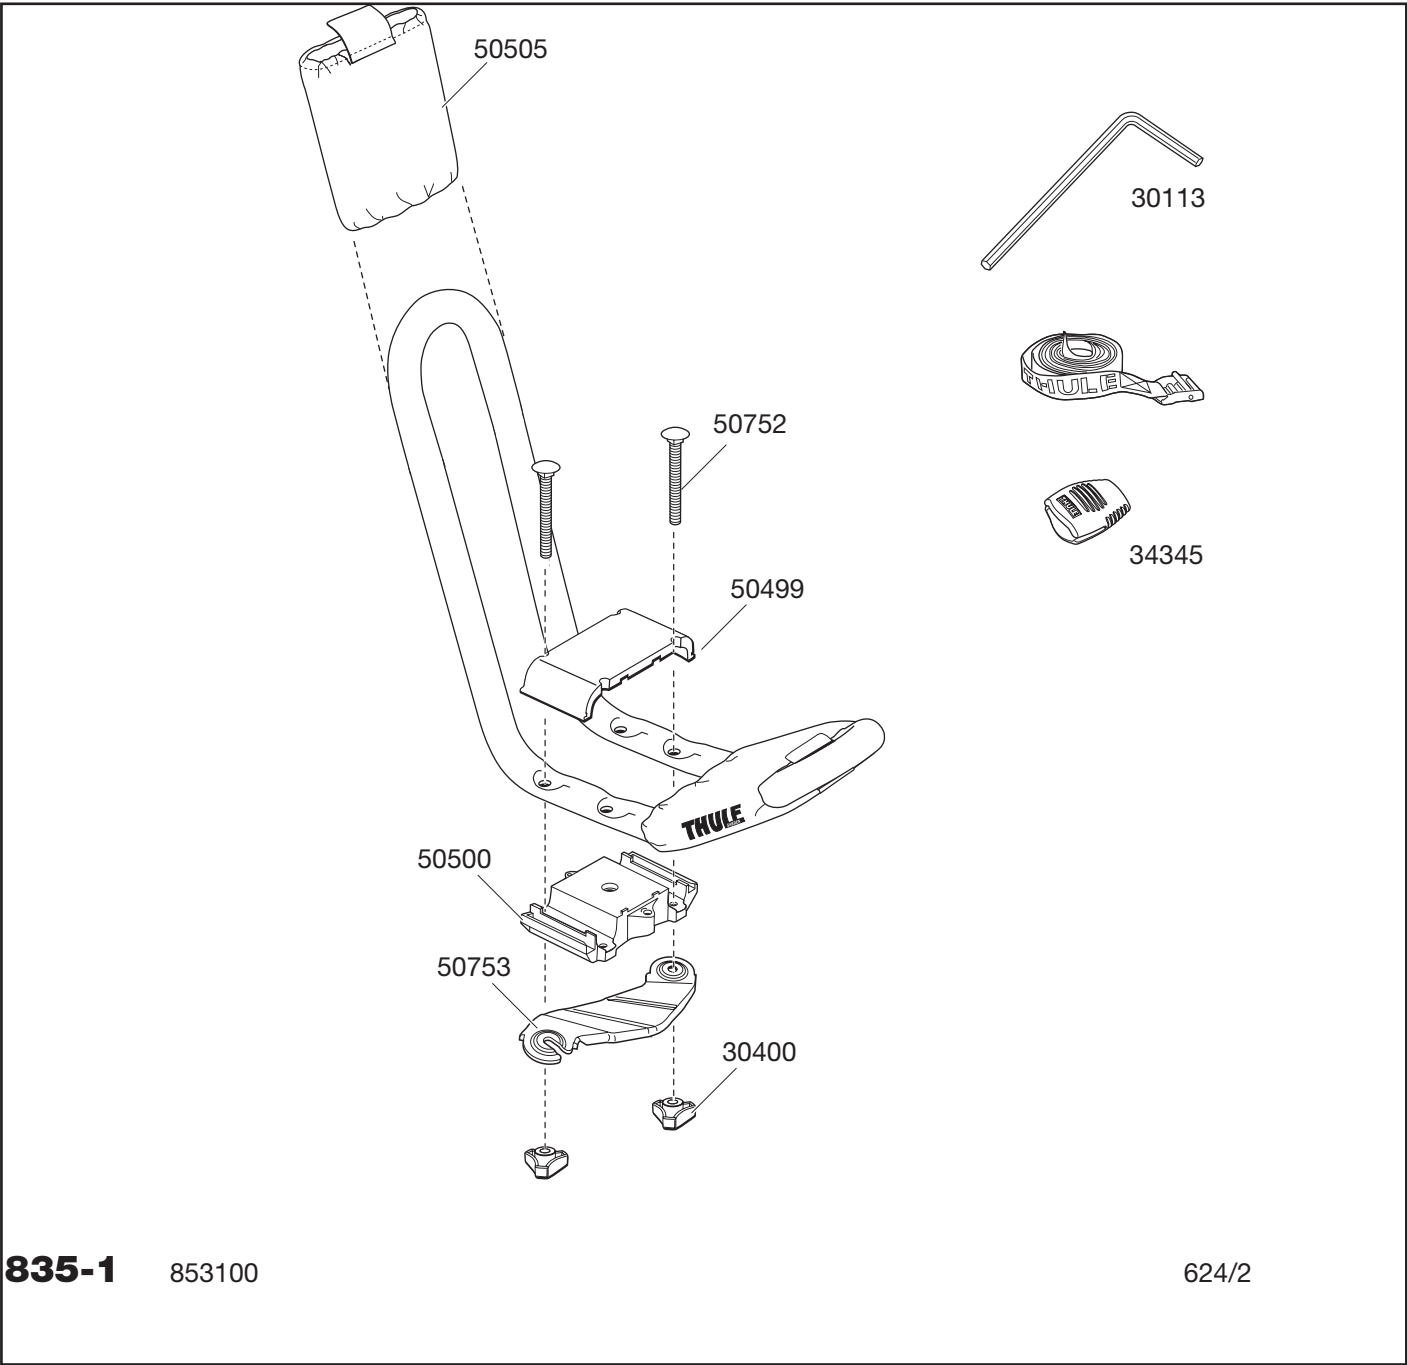

N.B. Check at regular intervals during the journey that the straps are securely tightened, and bear in mind the car manufacturer's instructions concerning the maximum load.

- Suitable for all types of kayaks.
- Angle design for simple loading and space-saving transport.
- Pads covered with nylon to protect the kayak.
- Rubber protectors for the buckle, which protects the board and car during loading and unloading.
- Suitable for both square load bars and T-track bars. Wide metal attachments encapsulate the T-track bar.
- Not suitable for use together with Outrigger 547 due to the wide mountings.
- Approved by TÜV
- When carrying a long load, secure it at the bottom to the front and rear of the car.
